

UnderstandingAG

UA's world-renowned experts believe there is no more important pursuit than to help you improve the health of our living and life-giving soil and they are dedicated to your growing success. If you have soil, regenerative agriculture will work for you. We'll show you how.

Increasing Profitability Through Regenerative Agriculture

December 8 & 9, 2021

David Kleinschmidt, Shane New, Doug Peterson

Understanding Agriculture can help you achieve your regenerative agricultural goals and objectives—whether you're a farmer, rancher, branded program, processor, restaurant, retailer, or involved consumer.

This Understanding Ag Workshop will teach you:

- Principles of Soil Health & Adaptive Stewardship
- Making Grazing Highly Profitable & Desirable
- Successful Marketing: Strategies for Enhanced Net Margins
- Designing Cover Crop Mixes
- Nutrient Management
- How to Add Diversity to Row Crops
- Farm Economics and Whole Farm Planning
