

# Increasing Profitability Through Regenerative Agriculture Grazing Workshop

September 4 & 5, 2024  
Eric Fuchs, Rodney Saunders

We will tour pastureland where the farm host will visit about their experiences on the Regenerative path. Additionally, during the farm visits, the Presenters will demonstrate and show many of the items discussed during presentations in the classroom.

## This Understanding Ag Workshop will teach you:

- Making farming more profitable
- How to build a Regenerative Ag System
- Adaptive Grazing Management techniques
- Diversified Forages (warm season grasses, cool season grasses, annuals)
- Discussions on water development and placement.
- Fencing
- Building paddocks for high density moves

## Tuition

Free Admission - **Registration Required**  
Lunch will be provided each day

## Workshop Location

Harrisburg Lions Club  
120 East Sexton Street  
Harrisburg, MO 65256

8:30 am until 5:00 pm each day
